US Department of Health & Human Services Officials Visit Broadway House

US Department of Health & Human Services, Office of the Secretary officials visited Broadway House on August 16th. Dennis Gonzalez (center), Executive Officer and Anthony Ferreri, DBA, Executive Director (left) met with President/CEO James Gonzalez.

The team discussed Broadway House's role in the current healthcare scenario, reimbursement issues, Newark current events and then embarked on a tour of the organization's historic building. "It is always an opportunity to have staff from federal offices visit Broadway House so we can remind them what we do and the support we need from them to keep on providing care," said Gonzalez.
